To Whom It May Concern,

It is my pleasure to write this letter of recommendation for George Sichler, whom I had the opportunity to meet and work with during his time with Guardian Revival. In his role, George engaged directly with numerous police departments across our County, including my own, to support first responders and law enforcement professionals in meaningful and forward-thinking ways.

George's dedication to the well-being of those who serve in public safety was immediately evident. His professionalism, empathy, and ability to communicate effectively made a strong impression—not only on me but also on members of my Department. He displayed a clear understanding of the challenges facing modern law enforcement and worked tirelessly to provide resources and build connections that could help address those challenges head-on.

As President of the Westchester County Chiefs of Police Association, I value individuals who go beyond rhetoric and take actionable steps to support our officers and departments. George Sichler is one of those individuals. His integrity, initiative, and genuine respect for the law enforcement community make him a standout professional, and I am confident he will bring the same level of excellence to any organization fortunate enough to work with him.

I offer my full recommendation for George without reservation and would be happy to speak further on his behalf.

Sincerely,  
Chief John Barbelet
